The College and the Alumni Association desires to have as accurate a list as possible of all former students, including the following information; name in full, degrees from other colleges, with name of college and year of graduation; occupation with official title, if any, street address of business office; street address of residence.

Corrections in the following list and subsequent occupation and addresses should be reported to the Executive Alumni Secretary, Holy Cross College, Worcester, Mass.

Foreword.

IN PRESENTING the 1927 Edition of the Alumni Directory we respectfully ask you to note a departure from previous style in a new scheme of listing and arrangement.

The make up of the publication has been completely changed and the present publication contains entirely new listings. Whereas in former editions listings were alphabetically and chronologically, and in the latter case only with regard to living members, the 1927 edition lists every former student, living and dead, alphabetically and according to class, while in addition, the living members of the Association are listed geographically.

That the names of the Alumni who have died may not be lost to their friends and to the college a list of deceased graduates and former students has been added.

For the information of the Alumni the names and addresses of all present and former members of the faculty of the College are listed. A separate listing has been made for deceased former members of the faculty as well as those who in virtue of ten years service at Holy Cross are listed as Honorary Alumni.

A new list, hitherto unpublished of Honorary Degree men is included in the 1927 edition.

A considerable number of Alumni are listed with addresses unknown. That this may be obviated in the future members of the Alumni are requested to inform the Alumni office of the whereabouts of any individual so listed.
